

## HALDRUP SNT-25

Seeder for direct seeding

Worldwide, direct seeding is becoming more and more important. We have therefore further developed our standard seeder. Our seeders HALDRUP SR-30, HALDRUP SB-25 and HALDRUP SD-50 can be equipped with all components of the HALDRUP SNT-25 in order to comply with country-specific requirements related with direct seeding.

### Examples for country-specific coultor systems of the direct seedings:

- ▶ TATU Marchesan from Brasil
- ▶ Scherer tynes from Australia
- ▶ Double disc coulters from Acra Plant from USA
